DEMANDS MADE ON CHINA Question Of British Interests

London, To-day.
Questioned yesterday whether, in view of the recent demands by Japan on China, any representations had been made by the British Government to the Japanese Government for the safeguarding of British rights and interests and for the maintenance of Chinese sovereignty, Lord Cranborne, for the Foreign Secretary, said that His Majesty's Government had expressed to both the Japanese and Chinese Governments the hope that a settlement might be reached on a friendly basis. This naturally implied that Chinese sovereignty would be preserved unimpaired. They had also expressed their

Canton, To-day.
Owing to the concentration of soldiers and ammunition still being incomplete, the Manchukuo and Mongolian invaders of Suiyuan have not yet been ordered to attack. It is definitely confirmed that before the Manchukuo and Mongolian troops assembled in Shangtu and Pekingmiao as their bases, the Manchukuo Commander, Li Shou-suen, and the Mongolian Commander, Wang Ying, went to Tientsin to obtain the advice of their foreign friends as to the means of invading Suiyuan, and at the same time to ask for foreign support by planes and ammunition. It is learned that they went to Tientsin on Sunday, November 1, and left there on Saturday last.

VICTORIA 300 FOR 5 WICKETS

Lee Dismissed For 160 Runs

Melbourne, To-day.
The M.C.C. match with Victoria was continued here to-day in bitterly cold weather, with a heavy gale blowing and a heavy hailstorm. Victoria resumed their innings but lost Lee before he could add to his overnight score. Voce did not play to-day, following a strained chest muscle sustained on the previous day. He saw a doctor and is receiving diathermic treatment and is not likely to play for a week or two. Barnett is receiving massage treatment for a blow on the ribs, received from McCormick on Friday, but his injury is not regarded as serious.

LEWIS WORTHY CHAMPION

Cornishman Shows Rare Pluck

London, To-day.
John Henry Lewis was a worthy champion last night at Wembley Pool, displaying all-round boxing ability and solid punching. Len Harvey, who is 29 years old, was featured in one of the gamut battles of his career and in spite of being seven years Lewis's senior he revealed surprising strength and stamina. The earlier rounds were uninspiring, resembling a wrestling match, but the last three presented a stirring spectacle, the Cornishman's pluck endearing him to the crowd and accounting for the boos which greeted the decision, although Lewis's win was a most decisive victory. After the fight John Henry Lewis entered a hospital for attention to his eye injury. — Reuter. (A full account appears in our sport pages).

HEAVY SHELLING PROCEEDING

REBEL AIRCRAFT MAKE BOMBING RAIDS

PRINCIPAL BRIDGES CAPTURED BY INSURGENT ADVANCE GUARDS

London, To-day.
The Spanish Embassy in London made contact with the Government representatives in Madrid at 2 p.m. yesterday and was informed that the insurgents had made no appreciable advance. On the other hand a Rabat message states that the occupation of Madrid is proceeding methodically, according to the Seville Radio, which says that though the Government Militia is putting up determined resistance, the insurgent advance guards have taken the principal bridges across the Manzanares River and have entered the capital proper from the south and south-west successively. According to a Madrid message Reuter's correspondent there states that the inhabitants are now generally in a state of complete panic. Shells are falling at the rate of three a minute around the Government defences. Both the War Office and the Opera House are packed with high explosives, and for the insurgents to secure a direct hit on either building would mean the end of a big slice of Madrid. The Casa de Campo, the former private park of the Kings of Spain, is now largely in the hands of the insurgents. Aircraft dropped 17 bombs in the Salamanca quarter, while 27 people were killed and wounded in the bombing of Vallecas, five miles north-west of Madrid. Gibraltar: Flames over 500 feet high were seen leaping from blazing oil-tanks at Almeria yesterday, believed to have been set on fire by a bombardment by insurgent aircraft and the cruiser Canarias. It is stated that four large tanks, containing roughly 1,000,000 gallons of petrol and diesel oils, are blazing. The tanks are situated on the North Mole and are owned by the Campos Co., which carries a monopoly of oil distribution in Spain. Bombs are also reported to have fallen on the company's gasometers and power-station which supply Almeria with gas and electricity. (Continued On Page 10)

STUBBORN RESISTANCE CONTINUED

Quatro Vientos: The Close of the Third Day's Battle For Madrid

Quatro Vientos: The close of the third day's battle for Madrid, in which the defenders were subjected to a very hot artillery bombardment all day, has so far left the insurgents in advance of some points but still west of the Manzanares River and not as yet inside the city. The Government resistance continued to be stubborn despite the fearful pounding from high-explosives during the most confused action. The defenders are reported to have dynamited the Segovia Bridge and continue to command the approaches to it with machine-guns posted in houses on either side of the river. The Militiamen still hold the buildings east of the river near the Talavera road, which is subjected to a ceaseless pounding by insurgent six-inch guns firing about a shell every minute. The front is a most ragged line so that though the Government troops still hold many positions this side of the river they have already retreated to factory buildings on the other side, from where they make it impossible for the insurgents to cross. The fighting continued fiercely yesterday at the Casa del Campo, with some success for the Moors and Legionaries, who may well have already captured the Kings Bridge, which was their immediate objective. — Reuter.

LABOUR IN U.S.A.

MANDATE GIVEN TO GOVERNMENT

PRESIDENT'S MESSAGE

Washington, To-day.
President Roosevelt foresees that the coming year will be an outstanding one in the annals of labour legislation in a message to the third National Conference of Labour. He said he believed that the United States had just given a mandate to legislators and executive for the adoption of much-needed labour legislation. He believed that the mandate directed the legislators to proceed on these lines until the workers in every station throughout the country were assured of decent working conditions.

Shipping Strike Position

New York: The maritime strike has spread to the San Francisco shippers, the joint strike committee announcing the walk-out of approximately 6,000 workers from the three Bethlehem Shipbuilding Corporation's plants. Ships strike-bound in Pacific ports are being allowed to proceed to their home ports. New York harbour was calm over the week-end.

The strikers assert that over 200 vessels and 17,000 men are idle in Atlantic and Gulf ports, but shipowners say that the figures are exaggerated. Only eleven ships are actually tied up. Meanwhile Mr. McGrady has announced the resumption of conferences between shipowners and at least one of the striking unions. — Reuter.

HARVEY BEATEN

John Henry Lewis Retains Title

12,000 WITNESS BOUT AT WEMBLEY POOL

London, To-day.

Despite the fact that the National Boxing Association of America have not yet lifted their suspension from John Henry Lewis, the Negro holder of the world lightweight title, he successfully retained his title last night at Wembley Pool before 12,000 spectators, when he outpointed Len Harvey, of Great Britain, over 15 rounds.

Harvey weighed in at 12 st. 4 lb. and Lewis at 12 st. 5 lb. half of the latter's damaged right eye being heavily plastered.

Harvey led off with a straight left and brought his famous left hook into play, boxing confidently. Lewis was several times warned for holding infractions during the first six rounds, while Harvey was warned when, after the referee had spoken to both men, he led with his left.

Harvey first concentrated on the Negro's head causing attention to be paid to Lewis's damaged left eye between rounds.

QUICKER IN-FIGHTER. The Englishman attacked, his opponent's body with lefts and rights, while Lewis retaliated and scored with a left hook to the jaw, but several times he missed with right-swings. He then concentrated on Harvey's body with short arm blows and was slightly quicker at close quarters.

Harvey was compelled to make great use of his left to prevent the American's rushes, but Lewis twice knocked back Harvey's head following up with a right just short of the mark.

Harvey was superb in the eighth round when he defensively outboxed the American when the latter attempted to secure a knock-out.

HARVEY CORNERED

Lewis protected his damaged eye in the fighting at close quarters and Harvey, after manoeuvring, feinted for Lewis to drop his guard, which gave the Englishman an opportunity to land a blow on Lewis's cheek, an inch or two below the Negro's eye. Lewis then cornered Harvey and caught him with a left to the jaw and right to the temple as the latter rebounded from the ropes in a vain endeavour to escape the Negro's punishment.

The fight was very tedious in the 10th round, although the 11th was fought at very close range.

Harvey sustaining a damaged left eye, which was badly swollen and almost closed, although Lewis minimised his effort by hitting with an open glove.

The 14th round saw the two boxers fighting toe-to-toe. Lewis exchanging blows first in a furious spell of fighting, while Harvey later stung his opponent with straight lefts.

TERRIFIC PACE. The pace was terrific and Harvey was getting in lefts and rights to the champion's jaw and head 1 perfectly against the American's ribs.

The 15th and last round started in a whirlwind fashion. Harvey landed a right with a sickening thud and Lewis staggered and fell to the canvas.

Harvey, taking advantage of the opportunity, continued to punish his opponent with lefts and rights to the head.

The verdict was a very unpopular one and was announced amid much howling.—Reuter.

THOSE CANNON-BALL SERVICES!

PERFECT BACK-HAND STROKES

ENJOYABLE TALK ON TENNIS

(By "BASE-LINE")

LOCAL lawn tennis enthusiasts have never seen serving such as that displayed by Ellsworth Vines yesterday, while the tall Californian's powerful backhand shots drew rounds of applause from the crowded stand. "Big Bill" Tilden, not quite at his ease on the grass court—he has played on clay courts for the last six months—provided an excellent foil to Vines, though all his strokes lacked the power of those of his adversary. Taking some time to settle down, we did not see the real Tilden until the latter part of the first set, and then for two games we were treated to as perfect tennis as one could wish to see.

and Tilden took both games to secure a 11-10 lead after being 10-9 down.

Displaying a surprising weakness on the backhand in the earlier stages, Tilden relied mostly on his well-placed services, which were not as fast as one expected, although he occasionally flashed across one of the "cannon-balls" that made him famous some ten years ago.

The match, which resulted in a win for Vines by 15-13, 6-3, was decided from the base-line, with several very long rallies from corner to corner. The few assays made to the net were generally unsuccessful, although Vines gave a glimpse of what his tactics may be for to-day's five-set match.

Hong Kong certainly paid tribute to the two ex-Wimbledon champions, the stand being packed to capacity before the players took the court. All seats opposite the stand were occupied, while there was a crowd standing four or five deep behind these seats. In addition, the Hong Kong Cricket Club verandah was filled to overflowing, while there were many watching from the Supreme Court and the Bank.

Two people being, especially noticeable on top of the Bank building!

With such a royal reception—H. E. the Governor and Lady Caldecott were present—it came as a very regrettable anti-climax when less than 100 people turned up for Tilden's most enjoyable talk—not a lecture—on tennis at the Hong Kong Hotel Roof Garden later in the evening. It is to be hoped that a larger attendance will be recorded at the second talk on November 16.—I feel sure that everyone present last evening will make a determined effort to be present at the second talk, and this is only a very small tribute that I pay to Tilden's pleasing personality.

With such a royal reception—H. E. the Governor and Lady Caldecott were present—it came as a very regrettable anti-climax when less than 100 people turned up for Tilden's most enjoyable talk—not a lecture—on tennis at the Hong Kong Hotel Roof Garden later in the evening. It is to be hoped that a larger attendance will be recorded at the second talk on November 16.—I feel sure that everyone present last evening will make a determined effort to be present at the second talk, and this is only a very small tribute that I pay to Tilden's pleasing personality.

Versatile Athlete

GEORGE Moss, the Police footballer, was born in England, but he came to the Colony at the tender age of eight, and has spent the whole time since in the Colony, except for a short period when his parents went on home leave.

Moss was educated at the Central British School and was a member of both the football and cricket teams. While still in school he started playing in the local Football League for Kowloon Football Club in the Second Division, on the left wing. He remained in the junior team for over a year and was then promoted to the first team, where he played in different positions in the forward line, but especially as centre-forward. He joined the Police five years ago and has been playing for them ever since. He has been their outstanding left-winger all this time, but this season, owing to a shortage of inside forwards, he has been played occasionally at centre-forward.

Moss is also a good hockey player. He started the game with the European Y.M.C.A. as goalkeeper, and later played for the Central British Association. On joining the Police he played for them in the Marnak Hockey Tournament on the wing and was a member of the team which won the championship three seasons ago. This season he is playing for the Y.M.C.A. in friendly games, and as the Police have again entered the Marnak Tournament he will again be playing for them.

BADMINTON

Chinese "Y" Win
First Game

The Chinese Y.M.C.A. badminton team gave some idea of their potentialities last week when they played their first game of the season against Sailors and Soldiers Home, and won by 8 games to 1.

Stephen and Harris (S. and S. Home) lost to Henry Koh and Frederick Koh 3-21; lost to D. H. Wong and K. S. Chung 13-21; lost to T. J. Ong and T. Y. Chung 7-21. Budd and Williams (S. and S. Home) lost to Ong and Chung 9-21; lost to Koh and Koh 7-21; lost to T. W. Wong and Loh William 14-21. Merritt and Yang Chan (S. and S. Home) beat Wong and Loh 21-14; lost to P. H. Wong and Chung 5-21; lost to Ong and Chung 14-21.

INDIAN SCHOOL WIN

The Ellis Kadoorie Indian School hockey team defeated Queen's College in an exciting game played on the Radio Sports Club ground at Caroline Hill yesterday afternoon by two goals to nil. Telok Singh, the Indian School's leader, was the outstanding player in the team. Sarwan Singh and Narayan Singh were the best players for the losers.

YACHTING RESULTS

The first of the series of yachting events arranged this season for ladies took place yesterday. In the A class event Mrs. Edwards, in Lobo, was the winner, while Mrs. S. D. Reid in Dorothea won the mixed classes event.

Fred McEvey, auto-sponder from Australia, is here shown at the wheel of his racing car which he drove in the George Vandenbilt Cup test on the Roosevelt Raceway at Westbury, Long Island.

TATTERSALL'S SILENT TRIBUTE

Greatest Steeplechaser's Passing

London, October 16.—As two o'clock struck this afternoon a well-known bookmaker jumped on to a form in Tattersall's ring. He removed his hat and with a gesture called one word—"Gentlemen."

Immediately all business ceased in the ring. With an almost unanimous movement three or four hundred people who had gathered around the bookmakers' stands, took off their hats. For a minute there was complete silence.

Thus did the regular racegoer pay his tribute to the passing of one of the greatest steeplechase jockeys of recent years—Billy Stott, who was buried at Epsom at two o'clock this afternoon. All the jockeys in the weighing-room observed the minute's silence, standing with bowed heads.

THOSE CANNON-BALL SERVICES!

(Continued from Page 2)

"All shots in tennis" should be made with the body sideways to the net, and the weight going forward with the stroke. When you do that, your feet determine the control you have of your body, its weight, balance and poise."

Speaking on women's tennis, Tilden said that men's and women's tennis were not the same game. Women's tennis consisted of a service and two sound drives from the baseline, with a chop mixed in. Men's tennis was a baseline game physically and a net game mentally. It was a defensive game with an offensive mentality, whereas women's tennis was essentially a defensive game.

Four Players For
Next Tour?

POSSIBLE VISIT NEXT YEAR

There is every possibility of Vines and myself coming to the Far East on another such-like tour, probably next season, when we hope to bring another two professional players with us," W. T. "Big Bill" Tilden told me yesterday evening in an exclusive interview at the Hong Kong Hotel.

"I shall endeavour to get Henri Cochet and another professional, probably European, to come on tour with us, but we must be given a minimum guarantee, otherwise the question of our returning is impossible."

"In Hong Kong, I suggest, if we do make the trip, that you raise your seating capacity or raise your prices. If we played on only two days, making it singles one day and doubles the next, and charging accordingly, we should draw the crowd," he concluded.

BASKETBALL LEAGUE

The Inter-School Basketball League is again in progress. The University are leading in the Senior Division with four wins in as many matches, while Fong Lam are at the top of the table in the Junior section with maximum points for four games.

SURPRISE VICTORY BY CONTINENTAL STAR

AUSTIN BEATEN IN
STRAIGHT SETS
SCHRODER'S BRILLIANT
PERFORMANCE

QUEENS TITLE DECIDED IN AN HOUR

(By H. R. McDonald)

London, October 16.

KARL Schroder, of Sweden, the Continent's great indoor lawn tennis star, conqueror of Borotra and Von Cramm, this afternoon added H. W. Austin to his list of distinguished victims in the semi-final round of the National Covered Courts singles championships at Queen's Club.

Austin showed little of his usual beautiful touch, and lost easily in less than an hour by 6-2, 6-1, 6-1, but Schroder played splendid attacking lawn tennis when pressing throughout. He gave Austin no chance to get his rhythmic game going, and though renowned as a forecourts player Schroder was also brilliant from the back of the court, making any number of magnificent passing shots off difficult balls, picked up right in the backhand corner.

Whenever in difficulty he lobbed on to the baselines, showing great resource all round, getting nearly everything he went for, and being remarkably safe. At the net he could hardly be beaten, retrieving all the best volleys of Austin's, and putting the ball away himself.

Not So Badly

Austin was not beaten quite so badly as the scores suggest, for many games went to deuce, but it is a long time since Austin looked so out of the picture in a big international match.

Some of the shots Austin missed surprised himself as much as his friends.

Schroder, a young but massively built athlete, has certainly put himself into the world class, at any rate on wood, but his magnificent win this afternoon.

Great Surprise

Schroder's easy victory came as a great surprise to the large crowd which filled the galleries at Queen's Club.

This is Schroder's second visit to England, and when he played at Wimbledon on an unfamiliar grass surface a few seasons back he was beaten early in the tournament.

Miss R. M. Hardwick, the Wightman Cup player, and Senorita Lizana, of Chile, reached the final of the women's singles.

VETERAN FIGHTER
OUTPOINTEDGarcia Wins Fierce
Battle

LOCATELLI OUTPOINTED

London, November 2.

Cletto Locatelli, veteran Italian fighter, was outpointed in Madison Square Garden by Cefejino Garcia, hard hitting Filipino welter-weight, in one of the most savage fights witnessed here in many years, states a message from New York.

Locatelli weighed in at 10 st. 3½ lb. and Garcia at 10 st. 6½ lb. The decision was both booed and cheered by a crowd of 7,500 who watched proceedings.

The faces of both boxers were covered with blood at the finish. Locatelli had cuts over both eyes and one on his chin and Garcia's eyes were cut and badly swollen. In the early rounds the veteran Locatelli showed his superiority in speed and aggressiveness, and did not allow the Filipino to get into his stride but once Garcia had found the range the outcome was never in doubt.

WOLVES TRANSFER
TWO PLAYERSWaring Goes Back To
Tranmere Rovers

DARLINGTON SIGN G. BROWN

London, October 16.

Several League clubs were concerned in transfer deals yesterday. Two players left Wolverhampton Wanderers. They were Waring, signed by Tranmere Rovers, and G. Laking, transferred to Middlesbrough.

G. Brown, the Leeds United and former England centre-forward, became Darlington's first player-manager. Birmingham secured N. Brunsell, the Oldham Athletic inside-right, and Aston Villa signed M. Morales, Grimsby Town's reserve inside-left, at a record figure for a Midland League player.

Tranmere Boy

Waring learned his football at Tranmere, and as a boy worked on the ground. When Dean went from Tranmere to Everton, in 1925, Waring took his place. In 1928 Aston Villa paid £4,700 for him, and he was capped for England several times before going to Barnsley last November.

Wolverhampton signed him last July, and he has played in all their First Division matches this season.

Laking, who joined Wolves as an amateur in 1934 turned professional the same season, made 18 First Division appearances last season. He has played regularly this year until an injury a week ago.

SARRON HELD TO
A DRAWChampion Injures
His Arm

London, November 2.

Petey Sarron, of Birmingham, Alabama, recognized by the N.B.A. as the feather-weight champion of the world, was held to a draw in a ten round bout with Nick Camarata, of New Orleans, states a message from Richmond, Virginia.

A crowd of 12,000, the largest ever to witness a boxing match in the State of Virginia, watched the bout and saw Camarata meet the Birmingham boxer blow for blow. Sarron weighed 9 st. 5½ lb. and Camarata 9 st. 4 lb.

As a result of an arm injury received during the fight, Sarron has been ordered by doctors to rest for two months. The rest will cancel or postpone a scheduled trip abroad where Sarron was to meet the outstanding European contenders.

AMATEUR GOLFERS BET

London, October 19.—R. B. Foster, an American amateur, made no return in the first round of the Surrey Open championship at Addington. Brigadier-General Critchley waspurred him £25 to £1 that he would not beat 70 for the second round. "Right," said Foster, and returned a 65—three strokes better than the course record.

Shipbuilding's Revival

There could be no more encouraging trade news than that which came in the returns from the shipyards published last month. The recovery which was evident in 1935 has now progressed so far that at the end of last quarter 928,571 tons of merchant shipping were building, which is 75 per cent more than a year ago. Of the total tonnage under construction in the world British shipyards had 44 per cent. Despite the competition of foreign subsidised building and of the temptation which Germany offers to other countries to liquidate their frozen credits with her by giving her orders for ships, the British yards had a good deal more than as much work as all their four chief rivals put together. This is a long lead, and as it is likely to be maintained. Before the end of the year we may expect that 1,000,000 tons of mercantile shipping will be on the stocks.

The performances of the Queen Mary and of other new British liners have raised the prestige of our shipyards to its old dominant height. Foreign owners are realising that British yards send out both passenger and cargo vessels more economical and more efficient than the best of those produced abroad. Some share of the credit for this must be given to the Government policy which made possible the construction of the Queen Mary and the "scrap and build" inducements to owners to improve tramp shipping. Such encouragement, however, would have been unavailing without the dauntless determination and enterprise of the industry. Great improvements in hull and machinery have been devised. The modern cargo-boat far surpasses those of 10 years ago. Shipowners have shown the spirit which established the supremacy of the British mercantile marine and placed orders boldly for the future. Confidence in the expansion of international trade has grown much stronger of late all over the world. That may be expected to multiply orders, and as the shipyards grow busy many other of the basic industrial activities of the country are stimulated.

Discovering The Past

Many discoveries in the last hundred years have changed our notions of man and the world. The archaeologist with his spade has been quite as disconcerting as the physicist and the biologist in their laboratories. Some of the most attractive of his revelations were seen recently in the exhibition at the Royal Academy of the work of British archaeology in Greece. Seventy years ago there was no reliable history of Europe earlier than five or six centuries before Christ. Whether the heroes of Homer ever fought about windy Troy, whether Agamemnon was ever king of men in Mycenae were fancies to play with for the origin of Western civilisation. Then the enthusiastic German, Schliemann, discovered that there was an Homeric age which had left golden treasure

LEAGUES NEW COUNCIL

China's Election To A Seat

IMPORTANT CHOICE

(By HEBE SPAULL)

During the coming year the Council of the League of Nations will — theoretically at any rate — be larger by one member than it has been in the past. Whether it is so in actual fact depends upon whether Italy chooses to co-operate in its work or not.

The reason for the increase is that it was desired to give the Far East a place on the Council and at the same time it was not desired to reduce the number of places allotted to European Powers. So although four Powers retired — Australia, Norway, the Argentine Republic and Portugal — five were actually elected. They were Sweden, Bolivia, New Zealand, Latvia and China.

In many respects the most interesting addition to the Council is our own Dominion of New Zealand. In view of the very conspicuous part which Mr. Jordan played — securing the rejection of the plot to exclude the Abyssinian delegation from the Assembly. Mr. Jordan — the ex-London policeman statesman — is not likely to acquiesce in any side-tracking by the Council of vital issues.

The Scandinavian countries have been consistently loyal supporters of the League, and Sweden is certain to make a good Council Member. In view of the increasingly grave situation in China the presence of China on the Council becomes correspondingly important. Bolivia's election is chiefly of interest in recalling the long-drawn-out Gran Chaco dispute, in which Bolivia was involved with Paraguay, and which has now been settled largely owing to the help of the League.

CORRESPONDENCE

Benevolent Society's Thanks

(To The Editor, "China Mail")

Sir,—I shall be obliged if you will grant me the courtesy of your columns in order to express the thanks of the Hong Kong Benevolent Society to all those kind people who, in response to a broadcast appeal of Sunday last, have sent us substantial gifts of clothing, &c.

Letters of acknowledgment are being sent to those whose names are known to us, but we now wish to thank all anonymous donors, and especially the one who has sent us the splendid gift of an order on a local firm for 20 pairs of children's shoes.

GROUND FLOOR GUTTED

Fire In Grocery Shop

A fire occurred at two o'clock this morning at the Hok Ming Grocery Shop, No. 139, Main Street. Fire engines were despatched to the scene immediately after the alarm was received, but the fire was not extinguished until after the entire ground floor of the premises had been gutted. The adjoining building, No. 141, suffered damage from the water which was used to extinguish the fire.

"CEASING PUBLICATION"

A facsimile of the title-page of the 68th and last number of *El Alcazar* has been reproduced in an English paper. To the end it maintained its quickly-won reputation as one of the curiosities of journalism, for it is a triumphant editor who announces that his newspaper will cease publication. His editorial in the bottom right-hand corner runs:

The nearness of our brothers and the orders of the Higher Command cause this to be the last number published of this little paper (*periodiquito*). It carries no other news than the triumphant shout of "Long live Spain!"

Numbers of *El Alcazar*, which were printed on a duplicating machine, are already commanding high prices outside Spain.

FOUND DAME SYBIL

As a playwright Mr. Levy, whose death occurred recently, is remembered for his many adaptations of French plays. These recaptured with remarkable skill the effervescent wit of the originals.

But probably his greatest achievement was the introduction of Dame Sybil Thorndike to the West End theatre public.

This was in the immediate post-war years at the Little Theatre, There, in *Grand Guignol* plays, Miss Thorndike — as she then was — appeared as the actress with an all-embracing technique which she perfected at the Old Vic.

She played comic and tragic roles with equal virtuosity.

PEACE CONFERENCE AT BUENOS AIRES
GREAT HOPES ATTEND
COMING PARLEY
CONDITIONS FAVOURABLE FOR
INTERNATIONAL ACCORD

(By Paul Sanders)

Buenos Aires. Pan-American court of international justice. Under the projected tariff accord the conference organisers hope to reach a truce of several years during which the nations will not increase customs duties on imports.

ARGENTINE organisers of the forthcoming Inter-American Peace Conference are confident unclouded harmony in the Western world will assure success of their efforts to safeguard the Americas from war.

The conference, opening on December 1, proposes Pan-American agreement on three plans to prevent a foreign war from bridging the Atlantic and to fireproof American frontiers. They are:

A programme of neutrality in case of a European war or any other conflict.

Limitation of armaments.

An economic truce.

What Mr. Cordell Hull, United States Secretary of State, will recommend for joint neutrality is awaited with interest by most Latin-American foreign offices.

Policy Loses Novelty

The United States good neighbour policy, its programme of non-intervention in South America, has lost its novelty and has become an integral part in inter-American relations.

South America, moreover, is as strongly desirous as the United States to keep clear of European meshes and will offer its own suggestions.

Dr. Carlos Saavedra Lamas, the Argentine Foreign Minister, will present a new general peace treaty to provide for a joint ban on exports of war supplies to belligerents in case of war and to be altered only in the event of united action declaring an aggressor.

New Rule For Seas

Another Argentine proposal, drafted by a group of internationalists, writers and editors, will propose a convention declaring ships in inter-American trade "engaged in coastal traffic" regardless of their ownership.

Its purpose will be to warn European nations against searches and seizures such as those during the World War.

For prevention of war in the Americas the conference will consider creation of a permanent Service.

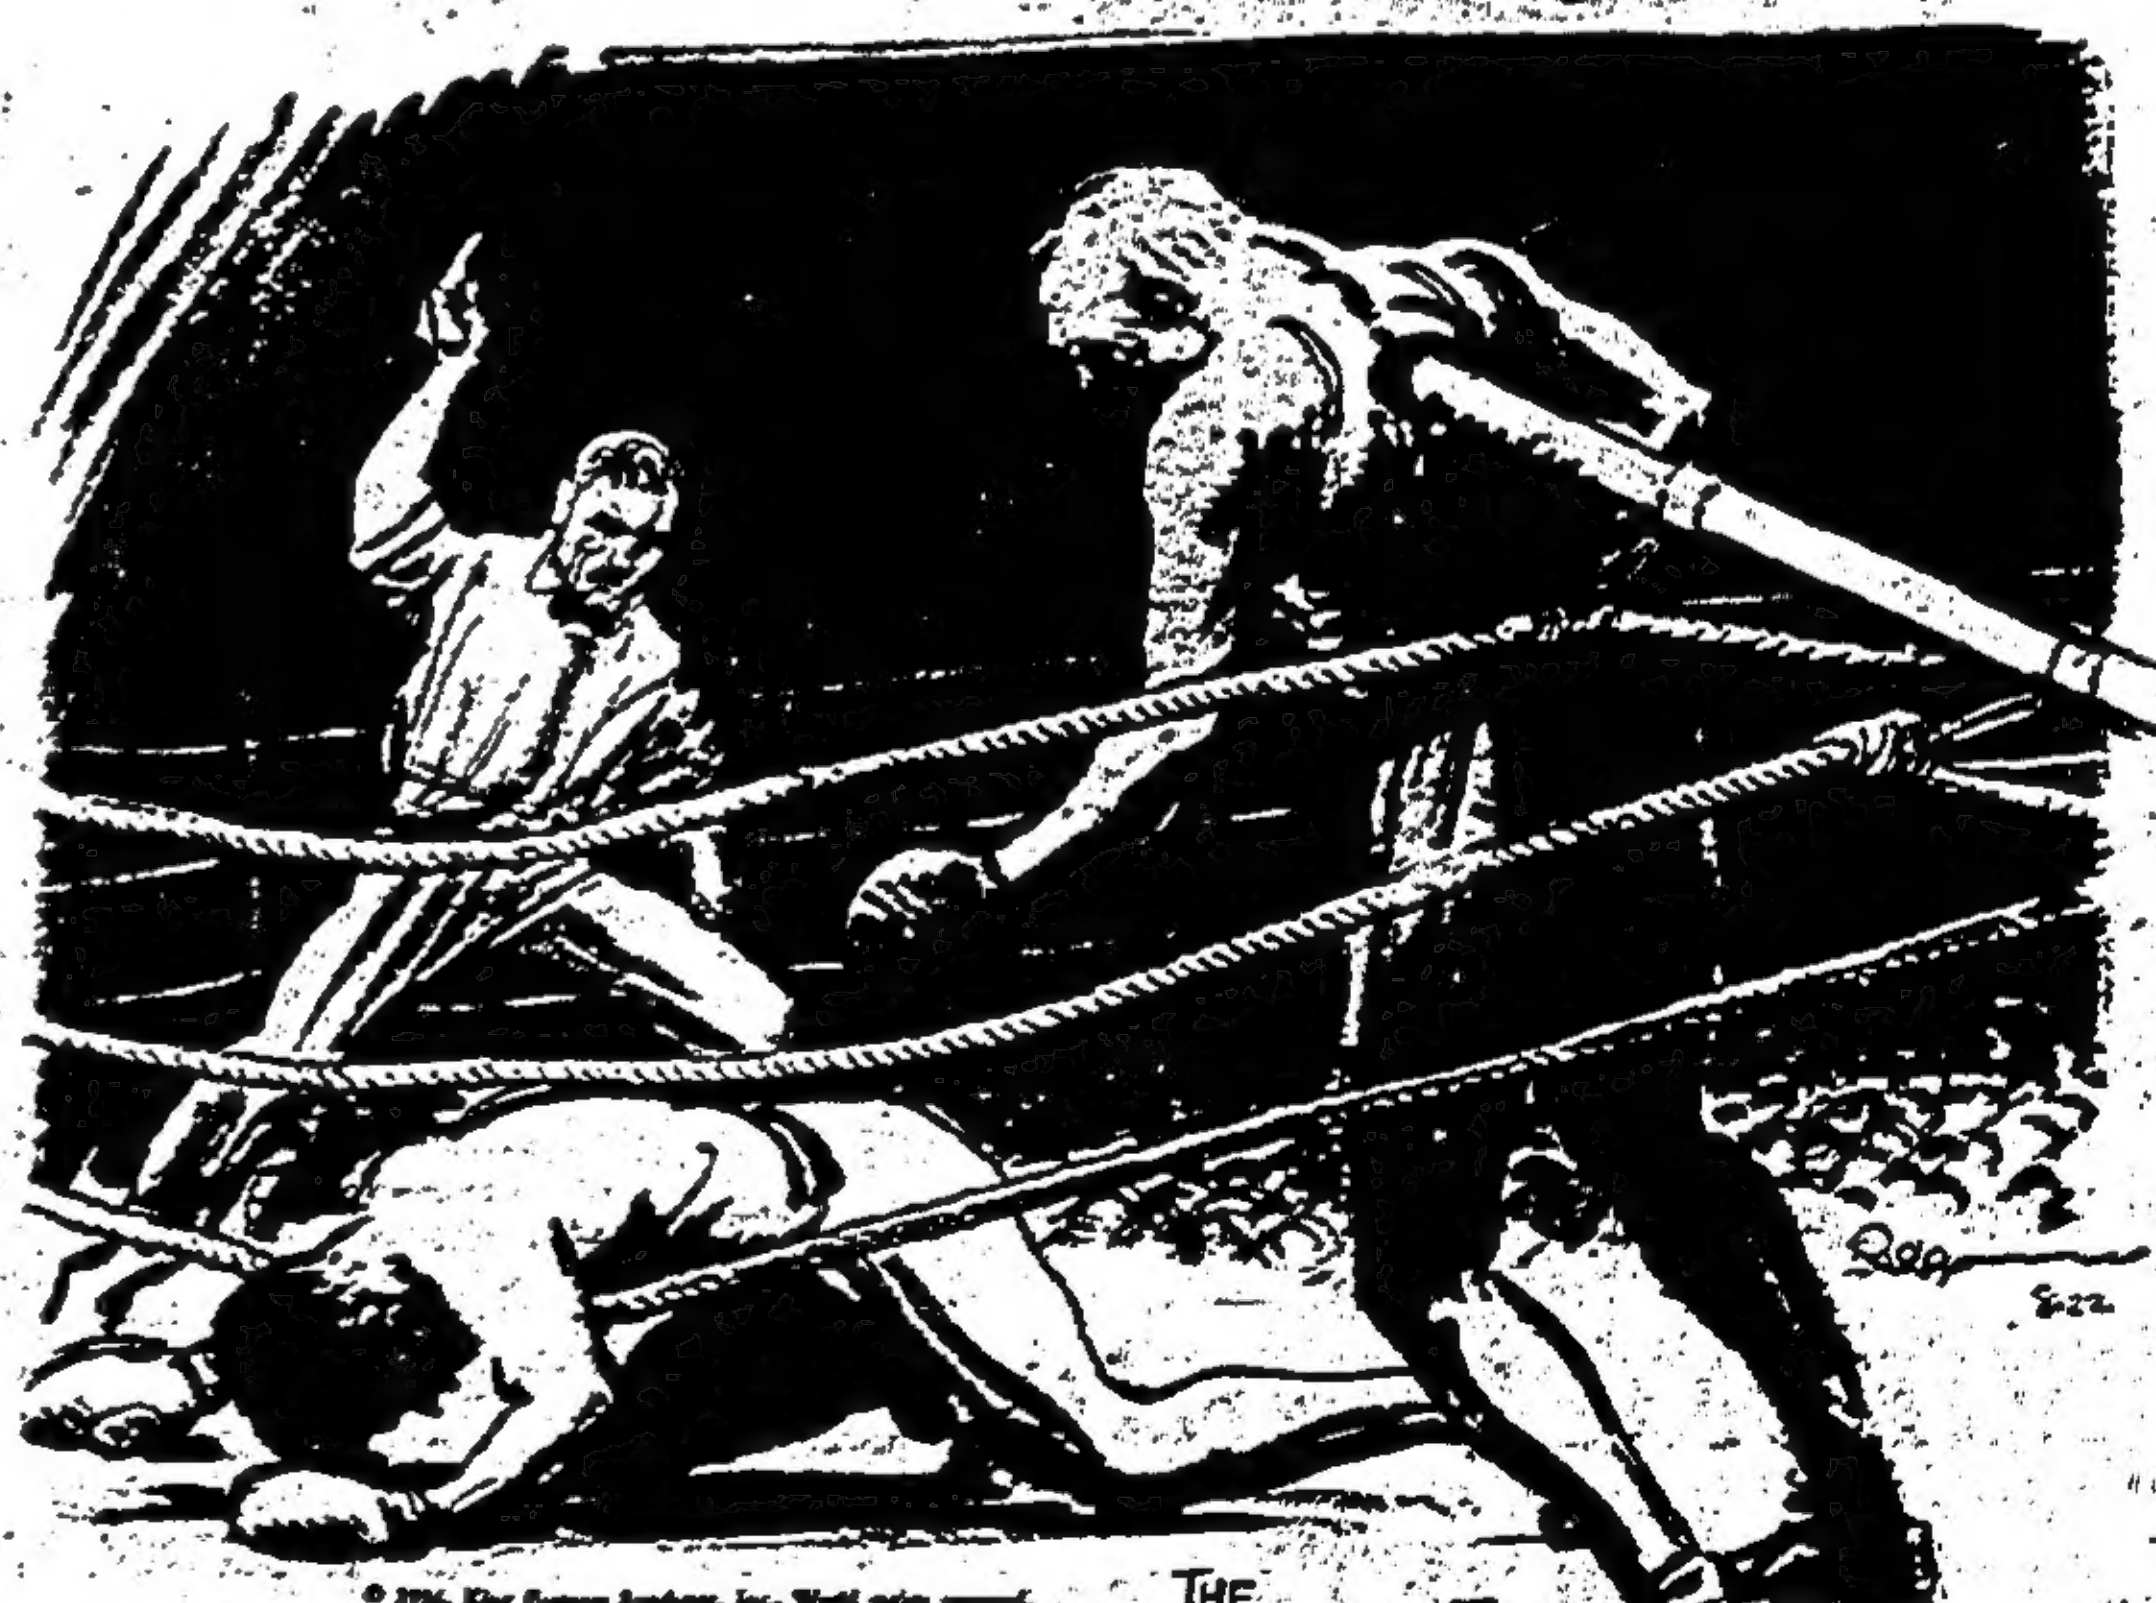

Even the 1933 conference at Montevideo, they point out, started with several clouds threatening trouble, although it turned out a harmonious and successful parley.

ARMISTICE DAY

Brahms' "Requiem"
To Be Presented

BY HONG KONG SINGERS

The Hong Kong Singers have already established a tradition of performing on November 11 each year a work in keeping with the spirit of Armistice Day. This year Brahms' "Requiem" has again been chosen and will be sung in St. Andrew's Church, Kowloon, to-morrow evening at 9.15 p.m.

There are undoubtedly a number of works other than Brahms' suitable for this occasion, but no apology is made for repeating the "Requiem" this year, since it will not only be the first performance of the Singers under the baton of their new Conductor, Mr. Lindsay Lafford, but of the soloists, Miss Eva Turner, soprano, will be making her debut in the Colour. The baritone solos will be taken by the Rev. H. W. Baines, and at the organ will be Mr. Rupert Baldwin, neither of whom need any introduction to musical Hong Kong.

As is customary at all performances of the Singers, the proceeds will be devoted to charity, and this year it has been decided to take up a collection in aid of the Ministering Children's League and the St. Andrew's Benevolent Society.

It is confidently believed that the combination of such deserving causes, the spirit of Armistice Day and the fact that this is the first performance of the Singers in Kowloon, will lead to a record congregation in St. Andrew's Church.

UNREGISTERED
"MUI-TSAI"Married Woman
Fined \$200

Siu Pui-hing, a married woman, was this morning fined \$200 by Mr. K. Keen at the Central Magistracy when she pleaded guilty to employing an unregistered mui-tsai, Chau Hei, aged 14.

Inspector Fraser said that the girl was seen at midnight on Saturday by a constable crying, and when questioned said that she had been scolded by her mistress for not doing some work. She stated she was a mui-tsai and on enquiries it was found that she had been presented to the defendant's mother in Canton for \$130 and brought to Hong Kong. The girl does the usual household work but receives no wages. She has been visited by her mother twice. She receives sufficient food, which she takes with the family and though dirty when found, she has ample clothing.

The *sumpt* has a clause which states that should the girl be disobedient and return to her mother the sum of \$280 will be refunded.

ALLEGED FRAUD
ON WIDOWSMoney Obtained By
False Pretences?

Beckenham (Kent).

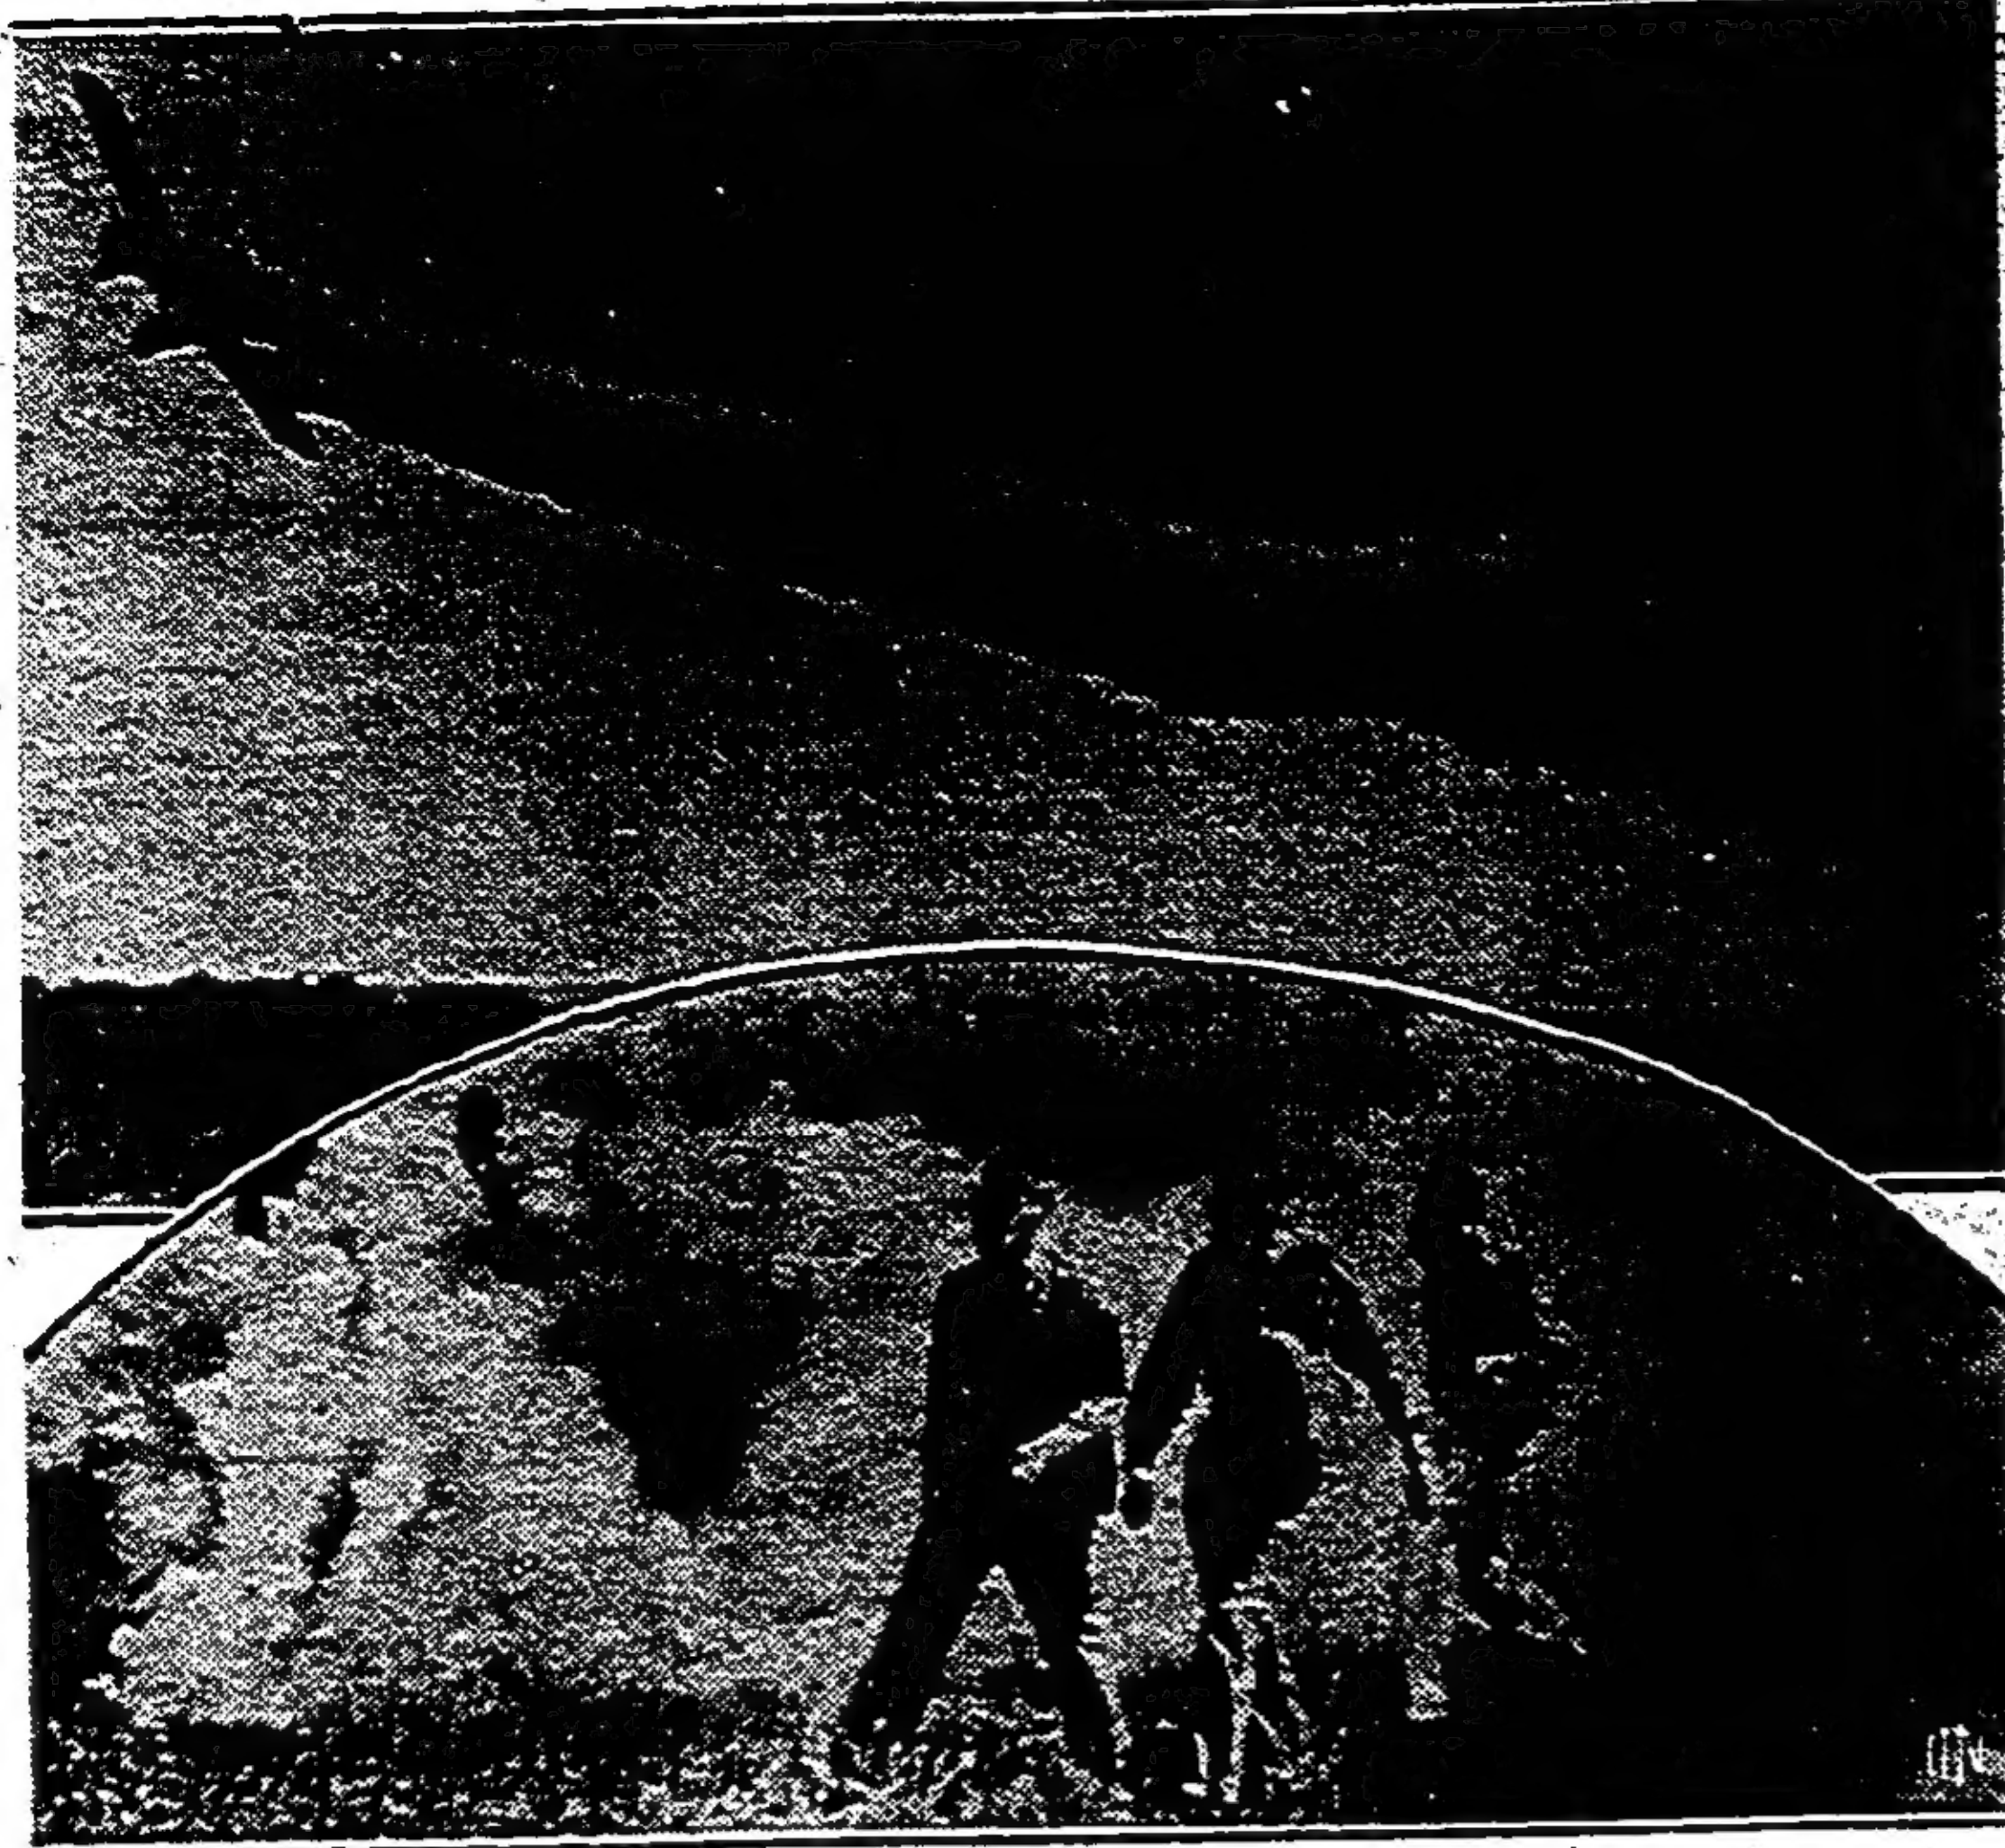

William Frederick Bourne, aged 28, a clerk, of Ramsgate-road, Margate, was committed for trial at Penze last month on charges of obtaining and attempting to obtain money by false pretences.

Bourne, it was said, got \$7 from Mrs. Harriet Burgess, a widow, of Ravenscroft-road, Beckenham, for "stamp duties" after telling her that he represented solicitors who were dealing with a legacy of \$17,000 and a villa in Switzerland left to her.

He told a similar story to another widow, Mrs. Bertha Hope, of Royton-road, Penze, and asked her for \$33, but she declined.

Money Under Policies
He was also said to have obtained \$5 from a widow in Upper Holloway and \$5 from a farm bailiff at Barnet by telling them that money was due to them under endowment policies which had not been claimed by relatives.

In the presence of the farm bailiff he wrote out a cheque for \$3,000, but took it with him. Bourne admitted other offences at Finchley, Lewisham, Penze, and in Oxford, Herts, Bucks and Kent.

LOCAL NEWS BREVITIES

PERRY TAKES THE
PLUNGE

(Continued from Page 1.)

Fred Perry's backers are good American sportsmen headed by the former U.S. Davis Cup players Francis T. Hunter, Howard and Voshell—Reuter.

In an interview yesterday, "Big Bill" Tilden said he was certain Perry had turned professional and added that if he had Great Britain would not retain the Davis Cup, his choice being either America or Germany.

PERRY'S RECORD

Twenty-seven years of age, Fred Perry has won the Wimbledon Men's Singles Championship three years in succession, equalling William T. Tilden's record of three wins since the war. He first came into prominence in 1928, when he represented Britain against Australia at Bournemouth, and later reached the last 16 at Wimbledon (beating Baron de Morsperg in the Third Round). He then won the Singles Championship of Argentina when with a visiting British team.

In 1931 he made his Davis Cup debut, representing Gt. Britain in seven rounds, beating S. B. Wood and subsequently Jean Borotra in Paris. In the same year he visited America and reached the semi-final of the U. S. Championship, beating seven of the "First 10" players in America.

BEATEN BY FRENCHMEN

In 1932 he reached the Final of the Men's Doubles with G. P. Hughes, but lost to J. Brugnon and J. Borotra. He secured his first hard courts success in that season, winning the Singles and Doubles Championships at Bournemouth. He again played for Britain in the Davis Cup, beating Jack Crawford. He toured S. Africa with a British team in 1932 and in the following year was a member for the victorious British Davis Cup team which beat Australia, America and France in succession. After beating Cochet on the first day Perry won the deciding match against Merlin in the Challenge Round.

He won the United States Singles title in 1933, beating J. Crawford at Forest Hills, and the British Hard Court title, beating H. W. Austin, the French Doubles Championship with G. P. Hughes, and later won the Australian Singles and Doubles titles (with G. P. Hughes) at Melbourne.

1934 CAMPAIGN

In 1934 he was the first Englishman since 1909 to win the Wimbledon title, and again helped Britain to retain the Davis Cup against America, beating S. B. Wood and F. X. Shields. He retained his American title by defeating Wilmer Allison, and was runner-up in the Australian Singles Championship to Jack Crawford, though he won the Doubles in partnership with Hughes.

Last year he retained his Wimbledon title and became the first Englishman to win the French title, defeating Baron von Cramm, the holder, in the Final. He also won the Mixed Doubles with Miss

Invitations have been issued by the Consul-General for Italy for the celebration of H.M. King Victor Emmanuel's birthday next Thursday morning by a reception, to be held in the Roof Garden of the Hong Kong Hotel from 11.30 a.m. to 12.30 p.m.

The public is reminded of the third Annual General Meeting of the Street Sleepers' Shelter Society, to be held at St. John's Cathedral Hall on Thursday next at 5.30 p.m. All interested in this work are cordially invited to be present. The Executive Committee will be "At Home" to volunteer helpers at 4.30 p.m.

BROADCASTS IN
ENGLISHObjection To Soviet
Propaganda

"CHINA MAIL" SPECIAL

London, To-day.

During question-time in the House of Commons yesterday the attention of the Foreign Secretary was drawn to the transmissions in English by the Soviet Union by a Conservative Member, who asked what steps the Government intended to take since the Soviet transmitter devoted 15 hours daily to anti-British propaganda.

Lord Cranbourne, answering for Mr. Anthony Eden, stated that the English broadcasts by the Soviet Union were concerned almost entirely with every-day life in the Soviet Union, and that therefore no action on part of the British Government was called for.—Trans-Ocean Service.

Round at Wimbledon and again represented Britain in the Challenge Round of the Davis Cup, beating Allison later avenged his defeat by beating him in the Semi-Final of the U. S. Championship. A fall during this match demanded a rest for Perry during the next six months.

This year Perry retained his Bournemouth Hard Courts Singles title, which he has now won five times in a row, defeating H. W. Austin, and, with Miss Round, also won the Mixed Doubles title. He was, however, defeated in the Final of the French Championship by Baron von Cramm, after winning the Belgium title, and then beat an injured von Cramm to win the Wimbledon title in straight sets. He also won the United States Singles title for the third time, and as a result was the first Englishman to win the trophy outright.

Perry has played for Britain in 35 Davis Cup singles matches and lost only four—to de Stefani (Italy), D. Preuss (Germany), F. X. Shields (U.S.) and H. Cochet (France).

UNEMPLOYMENT
IN BRITAINFURTHER DECLINE
DISCLOSED

London, To-day.

Further substantial increases in the number of persons in employment and a decrease in the number of unemployed are recorded in the latest Ministry of Labour figures. At October 26 the number of insured persons in employment in Britain, exclusive of agricultural workers, was approximately 11,103,000. This was 21,000 more than the revised figure for September 21 and 599,000 more than that for October 21, 1935. At October 26 the numbers of unemployed persons on the registers of the unemployment exchanges in Great Britain totalled 1,611,810. This was 12,529 less than the figure for the previous month and 304,580 less than the year before.—British Wireless Service.

£30 MENACES
CHARGEHammersmith Woman
And Mr. "A"

Mrs. Rosina Sharp, aged 35, a laundress, of Overstone-road, Hammersmith, was committed for trial at West London Police Court last month charged with demanding £30 by menaces from a man referred to as Mr. "A".

She pleaded not guilty and reserved her defence.

Mr. "A" said he was superintendent of a London institution. Mrs. Sharp had been engaged by him as a laundress.

Asked if he had always acted promptly, Mr. "A" said that he was afraid not.

Detective-Sergeant Welsby, who said he was hidden under a divan in a room at Mr. "A's" house, gave evidence about overhearing a conversation between Mrs. Sharp and Mr. "A".

Three cases of diphtheria were reported to the local Health authorities during the 48 hours ended on Monday.

SOVIET STATE
IN SPAIN?Proposition Severely
Criticised

"CHINA MAIL" SPECIAL

Rome, To-day.

The much-discussed plan to found a Soviet Republic in the section of Spain not yet in the hands of the Nationalists, is subjected to a sharp rebuttal in the *Tevere*, which declares that such an action would have an immediate reactionary effect in other countries in which the feeling of nationalism is not yet dead.

The appearance of a Soviet flag over former Spanish territory would suffice to make the people of Europe realise that their freedom and security was in danger. This development would by no means mean the result of an internal evolution, but merely signify that a new base of operation has been found by a country whose tendency to involve the whole world in war can no longer be doubted.

The formation of a Soviet State in Spain could never be regarded in the light of the notorious 14 Points of President Wilson, but would have to be seen in its true light: scandalous confiscation of a nation's wealth, brutal violation of frontiers, disturbance of the European balance of power and finally as an unbearable burden to political and military situation in Western Europe.—Trans-Ocean Service.

NEW PRESIDENT IN
FINLANDLively Press Campaign
Opened

"CHINA MAIL" SPECIAL

Helsingfors, To-day.

Although the Finnish Presidential election will not be held before next year a lively press campaign is already in progress between the organs of the various parties. The papers of the Progressive Party support the candidature of M. Stahlberg, who was defeated during the last Presidential elections by the present President, M. Svinhuvud. The Unionist Party on the other hand advocates the re-election of M. Svinhuvud, while the Socialist papers propose the Socialist, M. Tanner, for the Presidency. The only party which so far has failed to reveal its choice is the Agrarian Party representing the small farmers.—Trans-Ocean Service.

INVASION OF SUYUAN

(Continued from Page 1.)

ATTACKS REPULSED

Peiping: Apparently with the object of testing the strength of the defences the Mongols made several attacks on the Chinese lines from the direction of Pailing-miao yesterday, according to Chinese reports, and were easily repulsed. It is reliably estimated that the Manchukuo-Mongol forces threatening Suyuan total 30,000. They are assisted by tanks and armoured cars.

It is reported locally that the invasion of Suyuan may be delayed, pending the outcome of the Nanking negotiations, as the future of Suyuan is involved in Japan's proposals with regard to North China. The Manchukuo and Mongol leaders from Chahar will, it is reported, visit Tientsin with Japanese militarists in that connection.—Reuter.

Notes From Cheung Chau

Cheung Chau, To-day.—Various activities have been manifested on the island. The foundations of the new house, No. 2A, are well advanced and work on the servants' quarters has already begun, while three, and possibly four, houses on the west side are being linked up with the village for electric current. Work on the foreign style house, on the way to No. 1, is progressing rapidly.

A baptism service was conducted on Sunday in the new Pentecost Mission Church, when 28 people were admitted as full members of the mission. The Rev. E. L. L. L. was in charge and a communion service followed the baptism.

A thief, or a few of them, have been busy and several unoccupied houses have been broken into. As a result of this a special patrol of Indian constables is now on duty. The Rev. A. G. and Mrs. Lindquist are expected to-morrow by the s.s. Pres. Lincoln and another house-owner, the Rev. A. F. Desherbert, and Mrs. Desherbert are also due to arrive by the same vessel.

Mrs. Franklin will shortly be leaving to visit her son in New Zealand and she will be away for several months. Mrs. E. A. Jeffrey has also returned to the Island for a short stay at House No. 22.—Our Own Correspondent.

POLICE OFFICER PASSES

Distinguished War Services

SUB-INSPECTOR L. G. MIST

The funeral of Sub-Inspector Leonard George Mist, who died at the Kowloon Hospital, following a short illness, will take place at the Colonial Cemetery, Stubbs Road entrance, at 5 p.m. this afternoon. The deceased, it will be recalled, was out motoring with a party of friends on Sunday fortnight when he was suddenly taken ill and collapsed. He was removed to the Kowloon Hospital, when his condition was found to be serious, but he made such good progress early in the week that hope was held out for his ultimate recovery. On Saturday, however, his condition became worse again, and in spite of all that was done for him, he passed away at 2.15 p.m. yesterday.

Sub-Inspector Mist, who was formerly in the Essex Regiment, served with much distinction during the War, when he won the Military Medal. He joined the Hong Kong Police Force on April 10, 1919, was made sergeant in 1924 and sub-inspector in 1934. He was attached to No. 7 Police Station at the time of his death and, of a genial disposition, he was a very popular officer and well liked by his superiors and colleagues.

Born in Acton, Middlesex, on January 1, 1894, Sub-Inspector Mist was a bachelor and, it is understood, leaves a brother and two sisters to mourn their loss.

ANNAM ORDERS CONFERRED

Pleasant Ceremony Takes Place

INVESTIGATE AT FRENCH CONSULATE-GENERAL

A very pleasant ceremony took place at the residence of the French Consul-General, M. J. Lecourquin, yesterday when Vice-Admiral J. P. Esteva, Commander-in-Chief of the French Naval Forces in the Far East, bestowed orders conferred by His Majesty Bao Dai, Emperor of Annam. Two residents of Macao received Cambodian orders, while three Chinese earned Annamite distinctions for their scholastic and commercial services.

Excellent arrangements had been made for the ceremony and the band of the French Flagship, the cruiser Lamotte Piquet, provided a musical programme throughout.

The Admiral and the Consul-General were supported by the presence of Capt. R. Bastard, Lamotte Piquet; Capt. R. de Badens, Gunboat Argus and Commander of the West River Flotilla; and M. C. Bennet, Vice-Consul. The recipients stood before a table on which the certificates and decorations were lying as M. Lecourquin addressed the assembly.

In the course of his speech the Consul-General said in part:

Admiral, Ladies and Gentlemen, I beg to be forgiven by our guests of honour as well as by my countrymen, if I use the English language instead of their own or our own, but it will be a means to associate in some way our British friends with the ceremony we are holding in this beautiful Colony.

If it would be too pompous to say that this ceremony is a historic one, it is fair to assume that it is an unprecedented one, as never before, if I am correct, were five gentlemen in Hong Kong, nor in China, invested at the same time with Indo-Chinese decorations.

These five gentlemen, as you know, are:

Captain, Major, Chief of Police of Macao, made an Officer of the Order of Million Elephants and White Parasol;

M. Chan Sui-ky, distinguished scholar, as well as prominent business man, made a Knight of the Order of Dragon of Annam.

M. Kwok Chan, Comrade of the Banque de l'Indochine made a Knight of the Order of Dragon of Annam.

M. Lam Chi-fung, representative of the Charbonnages du Tonkin, made a Knight of the Order of Dragon of Annam.

M. Sequeira, Chief of Criminal Intelligence Service of Macao, made a Knight of the Order of Million Elephants and White Parasol.

Policy Of Peace

It would certainly be against the wishes of these gentlemen to eulogise them at length for the work they have performed and the services they have rendered to Indo-China; but I will certainly meet with their desire, if I invite this distinguished gathering to see, through their persons, meritorious as they are, the great nations of which they are the sons; to discern, above the decorations, the spirit which has prompted their bestowing.

One single word sums up all the foreign policy of France: peace; peace; not dealt out with a blindfold, but instilled in the hearts by genuine friendship.

We are honoured to-day by the presence amongst us of the Commander-in-Chief of the French Naval Forces in the Far East, Admiral Esteva. To the French-

QUITE FRIENDLY LIKE

men abroad, the arrival of a ship hoisting our glorious tricolor is always a matter of emotion and rejoicing; it means for them a maternal caress of their beloved country; it means, for the foreign people, a goodwill and friendship. But nowhere more than in the Far East is the French Navy so closely associated with the glory and influence of France.

Therefore, it is but fair to have the Navy participating in the friendly gathering of to-day; and, since Admiral Esteva has very kindly consented to present himself to the incumbents, the insignia of the Indochinese Orders, I dare say, Gentlemen, that it is really France herself who will just now bestow on you the decorations you have so well deserved.

Admiral's Speech

His Excellency then pinned the decoration on each of the recipients and congratulated them warmly.

The Admiral said in part: "I am very pleased to be here this afternoon, because this ceremony is in itself a manifestation of friendship and amity between the countries of France, China, Portugal and Britain. I wish with everybody else that the nations of the world will come together in good agreement."

This concluded the official part of the ceremony and the guests then dispersed to partake of the refreshments which had been provided.

VISIT TO SHING MUN WORKS

Enjoyable Afternoon Spent

EURO-AMERICAN RETURNED STUDENTS UNION

The members of the Euro-American Returned Students' Union of Hong Kong paid a visit to the Shing Mun Dam on Sunday. Special permission for the visit was issued by Mr. G. B. Gifford-Hull, resident engineer of the Shing Mun Valley Water Scheme. Twenty-eight cars started from the Star Ferry car park, Kowloon side, at 2.30 p.m., led by Mr. J. P. English of the Shing Mun Water Works.

The stream of cars arrived at the Works at 3 p.m., and were met by Mr. Bercovitch and Mr. Sanderson, engineers of the Valley. The party then split up into two groups, one led by Mr. Sanderson and the other by Mr. Bercovitch, both of whom must have had a busy time answering questions by those members who were interested in the engineering projects, and who were obviously graduates in engineering from Europe and America. A feature of the outing was the large number of ladies present.

After inspecting various parts of the Works, the gathering of 130 people sat down to tea at 4.30 p.m., and had a most enjoyable afternoon. The party left the Dam at 5 p.m., the entire committee and almost every member having attended the picnic.

In an interview with Mr. Peter H. Sin, President of the Union, it was stated that the next function of the Union this season is a dinner dance to be held at the Hong Kong Hotel on Wednesday, December 9, and at the moment the Committee was busy engaged in drafting an elaborate programme for a hiking picnic and other outings, to take place sometime in January 1937.

PEACE CONFERENCE AT BUENOS AIRES

(Continued from Page 4)

In that year Paraguay and Bolivia were at war, Colombia and Peru were recovering from a war scare and had not settled their Amazon frontier differences; the Cuban political situation after the overthrow of President Gerardo Machado looked ominous, and the Salvadorean Government had not been recognised by several American countries.

Old Dispute Revived

The old frontier dispute between Ecuador and Peru was hanging fire, with Ecuador dissatisfied because it had not been invited to join the Colombian-Peruvian conversations over the Amazon border flareup.

Since then six American republics have brought peace between Bolivia and Paraguay. The peace conference which ended the warfare in 1935 continues to sit with the objective of reaching a lasting settlement of the old Chaco dispute.

Colombia and Peru were returned to amity in 1934 by an agreement reached through the mediation of Dr. A. Frano de Mello Franco, former Brazilian Foreign Minister.

The Cuban political situation has become stabilised. The Salvadorean recognition question is no longer an issue and the dispute between Ecuador and Peru has been submitted for arbitration by President Roosevelt.

GIRL GUIDES
MOVEMENT

YEAR'S ACTIVITIES
REVIEWED

ANNUAL REPORT ISSUED

Mrs. G. A. C. Herklotz, Division Commissioner, has just issued the annual report of the Girl Guides Association, in the course of which she states that early this summer, the Guides lost both their Colony and Division Commissioners, Lady Southern and Mrs. C. E. L. Grist, and pays glowing tributes to both the former officers.

Lady MacGregor has become President of the Guide Association and Mrs. T. H. King has been appointed Colony Commissioner. The last annual general meeting was held at Sandilands Hut on November 20, 1935. This year's meeting is planned for November 25.

Social Service

The Girl Guide Association is particularly happy to report the development of the Social Service side of Guiding in the Colony. Dr. Nash suggested that Chinese, or Chinese speaking, Guides might visit the Chinese hospitals to cheer the children there by teaching them games, singing, etc. Mrs. Herklotz immediately took up the matter with her own Company and, with the co-operation of the parents of the Guides, Lieut. Miss Chan and two Patrol Leaders visit the Tung Wah Hospital every week. Miss Buckwell has done a great deal to help and was instrumental in providing toys and a toy cupboard. The older girls do sewing and the boys drawing.

Changes in Executive
In addition to the newly appointed Colony Commissioner, already mentioned, Mrs. G. A. C. Herklotz has become Assistant Colony Commissioner, vice Mrs. Grist, and Miss Buckwell has taken Mrs. Herklotz place as District Commissioner, Hong Kong. Mrs. W. J. Anderson had to resign and Mrs. L. E. Higgs is now District Commissioner, Kowloon. Prior to going to Home leave Mrs. E. E. Wild resigned as Hut Secretary and Mrs. M. E. Burdell is her successor.
During the year Mrs. Brazier-Creagh left for India leaving the

Skill, Clairvoyance
Of Luck?

By Ely Culbertson

Boston takes its contract seriously, as is befitting the traditional American centre of culture and learning. I am in receipt of a letter from one of the outstanding experts in that territory, Thomas H. Peebles, asking my opinion as to the merits of a certain play by another expert, M. E. White.

I quote: "The bidding and play of the hand are given as is. The unplayed argument between the declarer, his partner, his opponents, and sundry kibitzers as to whether it was luck that won the hand or skill and science, is passed along for your comments. The only point on which we all agree is that Mr. White habitually walks off with both profits and prizes."

This was the hand:
South, dealer.
Both sides vulnerable.

The bidding:
South West North East
2 clubs Pass 2 no trp. Pass
3 spades Pass 3 no trp. Pass
4 clubs Pass 4 clubs Pass
5 clubs Pass 6 clubs Pass
Pass Double Pass Pass
Redouble Pass Pass Pass

West opened the king of hearts and Mr. White made the remarkable play of discarding a small spade from the own hand. West then shifted to the jack of diamonds which declarer won, after which he ran off every trump and every diamond. At this point, a squeeze developed against West. With the necessity for discarding down to three cards, he found himself somewhat hard pressed to keep both the ace of hearts and three spades to stop South's suit. Thus, the contract was made. Now I quote Mr. Peebles again:

"To the direct question: 'Didn't you mean to ruff the first lead with the deuce of clubs and didn't you accidentally pull a spade?' Mr. White not only refuses to volunteer the requested information, but blandly smiles and replies: 'Ask Mr. Culbertson how else I could have made the hand.' As this naturally leaves us kibitzers out in left field, we appeal to you for a decision."

I am quite sure that my decision will be a severe shock to Mr. Peebles and his cohorts! Because, this time, they've run up against a real mirage.

I don't blame Mr. White's critics for scoffing, because I scoffed myself at first glance. The superficial analysis is that declarer's plays of passing the first trick was ridiculous, in that it prepared for a squeeze that could operate only if West had four or five spades, and abandoned the chance for contract on more probable distributions. Ah! but let's look a little deeper!

To ruff the opening lead would be, in effect, to depend on a 3-3 trump break! (Declarer would be reduced to four trumps if he ruffed the first lead, and would have to ruff again after playing three rounds of spades). Moreover, if the spades were split badly (5-1) this plan automatically would fail. The odds against Mr. White's plan were about 7 to 3, but if his plan failed, he would be down only one trick (400 points), whereas if the "obvious" plan failed, the penalty would be 1,000 or 1,600 points.

My conclusion is that since Mr. White was in the contract of six clubs redoubled, vulnerable (instead of the obviously correct contract of six diamonds!) his play was eminently correct!

Library in the capable hands of Mrs. D. J. Draper.

The number of Badges taken this year is greater than that of any previous year; this is particularly gratifying as some Companies have been without Captains and others are mainly composed of recruits.

CLAIM FOLLOWS
DISMISSAL

WORDING OF NOTICE

The Tai Ching Yat Po, vernacular newspaper, was the defendant in a libel action in the Summary Court before Mr. Justice J. J. Hayden yesterday, the plaintiff being Leung Kam-hoo, and the amount mentioned in the claim being placed at \$954.

The plaintiff also claimed \$10 as balance of wages for the month of June, 1936, \$30 for one month's wages in lieu of notice, and \$6 for one month's food allowance, thus bringing the total amount of his suit to \$1,000.

Mr. F. L. Zimmern appeared for the plaintiff, and the defendants were represented by Mr. G. S. Hugh-Jones.

Mr. Zimmern said that as regards the claim for wages and food allowance, the defendants had paid \$7 since the commencement of the action. They admitted liability for that amount only. The money had been accepted by the plaintiff without prejudice to his rights to proceed with the balance of the claim.

Advertisement in Paper
The claim for libel, which was for \$954, was in respect of an advertisement which was published by the defendants in their paper on June 28 last. The notice read: "Notice by this paper: Leung Kam-hoo, alias Siu Ngang, sport news correspondent of this paper, is dismissed on account of a certain matter. Anything that person may do hereafter shall have nothing to do with this paper."

Sports Writers
The plaintiff was employed throughout his service as a sports correspondent of the paper, and up to the time when his salary was increased to \$25 he was asked to take further duties by assisting the assistant advertising manager, for which he was given another \$5. This salary remained the same until he was dismissed by the publication of the notice.

After a lengthy discussion His Lordship ruled that there was no innuendo pleading. Mr. Zimmern contended that the very word "dismissed" would imply that the plaintiff had committed an offence. It was the only possible meaning.

Mr. Hugh-Jones: We do not allege any offence in the notice at all.

Imputation Made
After considering for about ten minutes, His Lordship said: I rule that the publication of the notice was defamatory. The words "dismissed on account of a certain matter" would, to my mind, convey to the mind of a person of ordinary intelligence the impression that an imputation was being made against the plaintiff.

Mr. Zimmern: The only question then, as regards the claim for libel, is damages.

His Lordship: Yes.

After the plaintiff had given evidence, the case was adjourned until November 24 at 10 a.m.

Hon. Mr. J. P. Braga's
Revelations

Objectionable disclosures made during the August typhoon at the Homantin Cemetery were mentioned at a meeting of the Finance Committee of the Legislative Council, yesterday afternoon, by the Hon. Mr. J. P. Braga. Serious wash-outs, said Mr. Braga, had revealed a "state of affairs" that would not be suitable to discuss around the Council table.

The Colonial Secretary, the Hon. Mr. R. A. C. North, presided over the meeting at which the following members were present: The Colonial Treasurer (Hon. Mr. E. Taylor, C.M.G.), Director of Public Works (Hon. Mr. E. M. Henderson), Hon. Mr. J. J. Patterson, Hon. Mr. J. P. Braga, O.B.E., Hon. Mr. S. W. T'ao, C.B.E., Hon. Mr. T. N. Chan, Hon. Mr. S. H. Dodwell, Hon. Mr. M. T. Johnson, and Hon. Mr. A. W. Hughes and Mr. D. M. Macdonald (Deputy Clerk of Council).

Regarding a vote for \$4,000 to provide additional burial spaces in the New Kowloon Cemetery because of the collapse of certain parts of Homantin Cemetery during the heavy rainfall of August and September, the Hon. Mr. Braga

"THE ANDRIAN"

The November issue of *The Andrian*, the organ of St. Andrew's Church, Kowloon, deals at length with the very successful *Romany* Fair held in the Church grounds recently and reprints in full the account of the Fair published in the *Hong Kong Sunday Herald*. It is stated in the Notes that the Hong Kong Singers will give a performance of Brahms' "Requiem" on the evening of Armistice Day, to-morrow, in St. Andrew's. The collection will be divided between the Ministering Children's League and the church's own benevolent fund. The remainder of the issue is devoted to special articles and the usual notes.

POLICE OFFICER
ATTACKED

Coolie Shot By
Detective

Said to have been shot by a Chinese detective, Lee, 24-year-old unemployed coolie, is now lying in the Kowloon Hospital with two bullet wounds in the left leg.
According to a Police report the shooting occurred on an open piece of ground behind Wai Ching Street, Yau-mai, about 10 a.m. yesterday. The man was being taken to the Police Station by Lee Tong, Chinese detective C154, for unlawful possession, and when near the place in question he attempted to escape, attacking the officer with a chopper which he had apparently hidden under his jacket. The detective thereupon fired two shots at the man's legs as he was running away.
Enquiries made at the Hospital last night elicited the information that the man was not in a serious condition. The detective was not injured.
